CHURCH OF CHRIST  
To each member at Lagrange

For some time the educational facilities of the church have been straining at the seams. With the increased enrollment of students being brought in by our busses and the increasing interest of parents in attendance, we must face the matter of expansion. This is a crucial decision and so much is involved. We ask your help.

In Haggai 1:1-11, is the story of God's people, when the Lord told them to go into the mountains, and bring wood and build the Lord's house. It seems God's people were more concerned about their own houses and business rather than God's house. Because of this, the Lord was displeased with them and punished them by bringing a drought, to gain their attention. Then, they feared the Lord and obeyed.

It is important that we do something, and soon. As was indicated in past bulletins, the elders would like to get the thinking of the members concerning the expansion of the work here at Lagrange. For this reason, we are asking that each member fill out the questionnaire and return it to one of the elders as soon as possible or no later than this Thursday, Sept. 11.

QUESTION: Are You In Favor of Expanding (building larger) Educational Facilities?    YES \_\_\_\_\_    NO \_\_\_\_\_

A. If answer is "NO" please indicate:

1. Do you think we should limit enrollment to its present size?

Yes \_\_\_\_\_ No \_\_\_\_\_

2. Your suggestions as for handling the ever increasing new students.
