Gentlemen:

Re: ABC #28657
Lagrange, Lagrange County

This will acknowledge the receipt of plans and specifications for the above project on September 15, 1976. Since this project will be served by city sewer our review is not needed of these plans and specifications. It is advised, however, that the county health department be contacted concerning the need for review of the plans and specifications for the sanitary features of this project by that agency.

Very truly yours,

Jon M. Satrom, Chief
