Dear Brethren;

We have been supporting the India work and would like to have a more recent report of the work there. I notice in your last "The Times Of India", that the Quayles are returning to the states and making an itinerary into the Ohio area. Would it be possible for them to come into our area when they do? I don't know where they might be right now but thought that you might know and relay the message to them to see if this could be worked out. There are other congregations in this area who are also helping out in this work and would possibly like to hear a first hand report, too.

Would appreciate your handling of this request, or if I should make direct contact with the Quayle's, let me know.

Yours in His work,

Dean Foggatt, elder
for the Lagrange church
